

**Weapon Storage**

Dasco Storage Solutions designs and builds the most versatile, high-quality weapon storage systems available. Our vertically-integrated facility has been manufacturing secure storage systems for over 50 years – and renowned worldwide for our excellent quality.

Visit [dascostorage.com](http://dascostorage.com), or email [info@dascostorage.com](mailto:info@dascostorage.com) for more information.

## Flexibility

---

Store any combination of weapons with our universal back panel and over 100 weapon storage components. Build a solution as unique as your weapon inventory and easily update it as it changes and grows. Simply move or add components by sliding them into the back panel.

Use our weapon storage solutions for armouries, tactical vehicles, containers, shipboards, airborne vehicles, evidence areas and much more. We partner with militaries and police around the world to design leading-edge systems that serve many applications - including land, sea and air.

## Weapon Storage Components

---

We're always creating new components for new weapons and new storage techniques. For the most up-to-date component options, visit [dascostorage.com](http://dascostorage.com) or contact a storage specialist at [info@dascostorage.com](mailto:info@dascostorage.com).

# Expandable Weapon Racks

Expandable Weapon Racks are the most modular and versatile storage system available – great for large armouries or small-scale storage. Expandable Weapon Racks are available in single-sided and double-sided configurations - perfect for creating aisles of storage or bordering a room.

Expand the rack by adding additional posts, panels and components to accommodate more weapons and accessories. The entire system is made with heavy-gauge steel and powder-coated in grey Sandtex finish for added durability. All contact points with weapons have protective linings to cushion your firearms while being stored.

Over 100 weapon storage components integrate with the panels to store long guns, sidearms, accessories and other equipment. The component layout can be reconfigured in seconds because of the simple system – just slide the component up, choose the new location and slide it back in.

Contact a storage specialist to build your free-standing wall or aisle today.

After Installation

## Available sizes:

50" H x 34" W

50" H x 40" W

84" H x 34" W

84" H x 40" W

*\*Increase the height using 12" and 34" post and panel add-ons.*

**Available in single-sided and double-sided configurations.**

# Weapon Wall Panels

Create displays, maintenance stations and more with our Weapon Wall Panels – especially where floor space is limited. Our expandable panels are engineered to easily mount to any wall with reinforced supports and wall-mount hardware. The steel panels are powder-coated with a grey or black Sandtex finish and can support most firearms.

Weapon Wall Panels can be easily reconfigured by adding more panels and choosing from over 50 components. Add as many panels as you need to suit your armoury and change the layout by moving or adding components. Slide components up and out of the panel to reposition them wherever you need.

Build your weapon wall today – contact a storage specialist.

# Stackable Weapon Racks

**Stackable Weapon Racks are an ideal restricted-access storage solution.**

Perforated swing gates secure firearms with a multi-point lock mechanism and allow for easy visual inspection. The body of the rack is made with durable heavy-gauge steel and includes built-in lift handles for maneuvering.

Inside the rack, our universal back panel lets you store any kind of weapon with over 60 component options available. Use a combination of components to store everything in your armoury, including long guns, sidearms

and even your accessories and technology. Use a cable to secure your weapons inside the rack with our built-in security eyelets.

Stackable Weapon Racks can be bolted side-to-side, back-to-back and on top of each other to create a secure storage system that suits your armoury's layout. They can also be secured to the floor and wall for additional security.

Contact a storage specialist to outfit a secure rack today.

## Available sizes:

*[See page 19 for lock options]*

**48" H x 14" W x 15" D**

**48" H x 42" W x 15" D**

**64.5" H x 42" W x 15" D**

# Stackable Weapon Racks

## Store:

- Long guns
- Heavy weapons
- Sidearms
- Optics
- Spare barrels
- Bolt assemblies
- Helmets & personal gear
- Ammo boxes & magazines
- Accessories

# Bi-Fold Weapon Rack

Bi-Fold Weapon Racks are the best closed-access storage solution when space is a concern. Bi-folding gates save 35% in floor space compared to other gates to reduce aisle-space and mobility issues.

The all-welded steel construction provides high-level security and includes our universal back panel, built-in side lift handles and security cable eyelets. The front of the cabinet is secured by perforated

bi-folding gates so you can visually inspect weapons. Bi-Fold Weapon Racks come with a multi-point locking mechanism and swing-arm padlock hasp.

Bi-Fold Weapon Racks can be fixed side-to-side, back-to-back and on top of each other to build a solution that suits your armoury's size. For additional security, you can secure the rack to the floor and/or wall.

Store any weapon and accessory with over 75 storage components. Contact a storage specialist to guide you through the process.

## Available sizes:

*(See page 19 for lock options)*

48" H x 36" W x 15" D

72" H x 36" W x 15" D

84" H x 36" W x 15" D

48" H x 42" W x 15" D

72" H x 42" W x 15" D

84" H x 42" W x 15" D

# Bi-Fold Weapon Rack

Heavy-duty all-steel construction

Perforated bi-fold gates

Single-piece interior concealed hinges

Pre-drilled wall mounting holes in rear stiffening bracket

Optional ammo/storage shelf (600 lb. capacity)

Universal back panel

Optional ABLOY keylock

Multi-point lock mechanism (both gates)

Built-in lift handles

Concealed floor mounting holes

Four internal accessed levelling feet

# Weapon Storage Cabinets

Weapon Storage Cabinets are designed to augment a secure room and provide inconspicuous weapon storage – great for security stations, police outposts and more.

Weapon cabinets are constructed with heavy-gauge steel and are completely welded to create a secure space protected by a steel bi-parting, tambour door and multi-point lock mechanism. The cabinets come with four built-in levelling feet. Cabinets can also be anchored to the floor and wall with specialty components.

Customize your Weapon Storage Cabinet with over 80 components, including an additional security gate, drawers, shelves and lockable compartments.

All components arrive factory installed in the cabinet.

## Available sizes:

*(See page 19 for lock options)*

60" H x 36" W x 22" D

66" H x 36" W x 22" D

72" H x 36" W x 22" D

83" H x 36" W x 22" D

*\*Security gates and universal back panels available for all four sizes.*

# Weapon Storage Cabinets

## Popular cabinet components include:

- Universal weapon back panel
- Internal security gate
- 3-Compartment handgun inserts
- Lockable pistol boxes
- Storage bin drawer with lockable lid

**Customize your cabinet today – contact a storage specialist.**

# Mobile Weapon Cart

The Mobile Weapon Cart is the go-to transport solution for police and militaries around the world. Easily transport up to 20 long guns from an armoury to a training facility, vehicle or gun range – with this rugged cart, the choice is yours.

The heavy-gauge steel cart is durable, yet light enough to easily maneuver through hallways and doors with the welded steering handles and four heavy-duty wheels (two lock). Both sides of the cart are made using our universal panel and the cart is compatible with over 50 of our weapon storage components – so you can transport almost any weapon.

One cart can handle all of your weapon storage needs as you can quickly reconfigure the component layout by changing their location, adding new components or removing others. Simply slide the components in and out of the back panel to transport 10 long guns per side or fill the cart with sidearms and accessories. Check out our seismic components specifically designed for safe transport at [www.dascostorage.com](http://www.dascostorage.com).

The cart is powder-coated with a black Sandtex finish for added durability.

Start moving your weapons with ease, place your order with a storage specialist now.

## Available sizes:

49.5" H x 34.25" W x 26.75" D

# Vehicle Storage

Secure storage for transporting weapons with quick access is essential to tactical teams. These easy-access, rugged pull-out drawers are adjustable to accommodate most team weapons and accessories, including rifles, carbines and shotguns.

To remove your weapons, turn the locking knob, slide the drawer out with the built-in handles and lift your weapons out to use.

We offer three versions, which allow you to stack the drawers and customize your combination. The drawer comes with mounting equipment if you want to stack the storage drawers on top of each other. Stacked storage drawers offer lots of room for weapons, plus additional tactical gear like cases, ammunition and more.

Add this vehicle storage system to your SUV – call a storage specialist now.

- Units must be secured to vehicle by user
- Built-in 3-point latch mechanism
- Optional Secure Abloy Keylock system available

## Available sizes:

12" H x 42" W x 24" D

# Pistol & Taser Storage

## Compact Stackable Locker

This compact weapon locker is ideal for small storage requirements like sidearms, non-lethal weapons and other tactical equipment like optics and cameras.

The Compact Stackable Locker is very secure. It's made with a heavy-gauge, all-welded steel construction and four individually-locking compartments. The doors are attached with a full-length concealed hinge and secured with a unique 3-digit combination lock or keyed locks. Each compartment has a rubber matting inlay to be gentle on your valuable equipment while stored.

The small locker is ideal for combining with other storage systems – like our weapon locker. The Compact Stackable Locker can be stacked on each other and attached side-to-side and back-to-back. You can also secure them to a wall.

Order this storage system today – call **1-800-387-2468**.

### Available sizes:

**12.5" H x 14" W x 15" D**

*(See page 19 for lock options)*

## Compact Sidearm Tower

This compact locker is excellent for storing pistols, tasers and other equipment like optics, body cameras, batons or even evidence.

All four compartments come with a rubber matting inlay and can be uniquely keyed with an optional master key to keep your valuables safe & secure. The compartment doors offer no room for tampering tools and are attached with a full-length concealed hinge. Each compartment is 5" H x 10.5" W x 8" D.

The Compact Sidearm Tower can be used on its own or combined with other weapon storage systems. The locker comes with pre-drilled holes to mount to a wall and to fasten them side-by-side. The heavy-gauge steel is powder-coated in a grey Sandtex finish prior to assembly.

Buy this solution today – contact a storage specialist.

### Available sizes:

**22.75" H x 12" W x 8" D**

*(See page 19 for lock options)*

# Pistol & Taser Storage

## Taser Storage Cabinet

Securely store up to 20 Tasers in a single Taser storage cabinet.

Taser cabinets can be fully-loaded with five secure, 2-compartment drawers or left wide open depending on your storage requirement. All drawers slide on easy-glide full-suspension drawer hardware and have a power bar to charge accessories like lights and body cameras. The secure drawers can hold up to two Tasers each and can be uniquely keyed – which is great for team environments (master keys available).

Taser Storage Cabinets can be stacked on top of each other and attached side-to-side and back-to-back if you need more storage space for Tasers, or gear and

accessories. Pre-drilled holes make attaching the cabinets quick and simple. Add a riser to increase the cabinet height by 10 inches.

The cabinets come fully assembled with all of your chosen components. The Taser storage cabinet is powder-coated in a grey Sandtex finish.

Securely store your Tasers today – call a storage specialist now.

### Available sizes:

**26" H x 25" W x 22" D**

## Pistol Storage Cabinet

The 5-drawer pistol cabinet is made for storing everything handgun related and is perfect for every armoury.

The heavy-duty steel cabinet has 5 spacious drawers secured by a single lock mechanism. Each drawer can be customized to suit your specific storage needs and includes a rubber matting inlay to protect your equipment. The cabinet and drawers are powder-coated in a grey Sandtex finish for extra durability.

Outfit your drawers with specially designed components, including front-to-back and left-to-right compartment dividers or our 30-gun insert. Our handgun insert fits perfectly in the drawer and stores 30 handguns and 2 magazines for each gun, meaning the cabinet has a 150-gun capacity.

Add protective rubber matting to the top to create an excellent cleaning or round-loading station.

Start organizing your handguns today – email: [info@dascostorage.com](mailto:info@dascostorage.com).

### Available sizes:

**45" H x 41.5" W x 25" D**

# Gear Storage

## Constable Locker

The Constable Locker is designed for storing gear and weapons in one secure locker. Perfect for team applications, everyone can keep their gear, weapons and accessories organized in their own space.

Both compartments are vented to keep gear well ventilated. The bottom roll-out drawer is perfect for boots and other heavy objects. The top compartment comes with a heavy-duty shelf, hooks, hanger bar and universal back panel – perfect for storing jackets, vests, accessories and weapons.

The bench design makes this an excellent storage solution for change rooms, training areas and more. A wooden butcher's block bench is available for an extra charge.

### Available sizes:

**72" H x 24" W x 24"/32" D**

**72" H x 18" W x 24"/32" D**

**Bench colour/material options**

*(See page 19 for lock options)*

## Duty Bag Locker

Store heavy gear bags, accessories and other equipment in the strong and secure Duty Bag Locker.

The locker has four individual compartments that can be secured with a padlock or keylock. The top three compartments are secured by a steel door, full-length concealed hinge and your choice of lock. The bottom compartment is a slide-out drawer that's equipped with easy-glide suspension arms for quick access. All four compartments offer lots of storage space and can handle most storage requirements.

Duty Bag Lockers can be combined with other Dasco products to create full-service storage systems. Attach the duty bag locker to a constable locker or cabinet for extra storage. The lockers arrive fully assembled and are powder-coated in a grey Sandtex finish before leaving our facility.

### Available sizes:

**78" H x 18" W x 24" D**

# Gear Storage

## TA-50 Locker

This locker is designed for lots of gear storage. The TA-50 Locker comes with a pre-installed heavy-duty wardrobe shelf with 3 hooks and a hanger bar. It also includes two columns of notches in the back panel to accept weapon storage accessories – the rest is wide open. Over 45 cubic feet of storage is perfect for large gear bags or any other storage requirement.

The all-welded steel locker has perforated sides and gates for easy visual inspection and ample air ventilation. The gates are secured with a multi-point locking mechanism, including a padlock hasp.

There's no assembly required and no bolts to tighten over time. The fully-assembled TA-50 Locker will arrive with a powder-coated black Sandtex finish.

### Available sizes:

**78" H x 42" W x 24" D**

# Heavy-Weapon Storage

We design and build weapon storage components that are compatible with heavy-weapon storage. Our special components are made to work in a variety of systems including open racks, secure racks and cabinets – we also have solutions for shipboard and airborne vehicles.

Check out our storage systems for mortars, launchers and .50 calibre weapons.

## Mortar Storage

## .50 Cal M2 Storage

## Carl Gustav Storage

# Lock Mechanisms

## Comp-X Digital Lock with Audit Trail

Our most advanced digital lock is equipped with 10 access-code buttons for entry. Team members can open the lock using their unique 4-to-8-digit access code. The lock is capable of remembering up to 20 codes for your team. The battery in the lock supports up to 75,000 uses.

Monitor who has opened the lock and accessed valuables by exporting the lock's report to your computer with a micro-USB connection (sold separately). The lock's last 1,500 entries and events are loaded onto your computer in an Excel file for you to easily review.

## Abloy Key Lock

Secure valuables with the proven Abloy key lock. This lock will only open with the correct key. Limit access to unique key holders for extra security. These durable locks can be keyed the same, uniquely and can be master keyed.

## REAL Lock 3-Digit Combination Lock

Stop fumbling around with keys. Install this easy-to-use three-digit combination lock on your storage solution. This combination lock allows multiple people to open the lock and no one requires a key.

## Abloy Padlock

Secure your padlock bars and hasps with an Abloy padlock. This superior padlock is incredibly strong and durable.

## Wesko Lock

Secure your stored valuables with a Wesko Lock and keys. The small lock will only open with the correct, compact key.

You can choose to uniquely key locks and have an optional master key, or outfit all the locks with the same key.

**Upgrade your lock today – contact a storage specialist.**
